

2020 Randolph-Macon College Softball Prospect Clinic Information

We're excited to be able to offer several Prospect Clinics this summer. With everything that has been going on with regards to Covid 19, we are asking that you help us by doing the following:

*Please review the list of "Covid" questions before you join us the morning of the clinic. If you can answer "yes" to any of these questions, please stay home. We will be happy to reimburse you your registration fee.

* Our athletic trainer will also perform a quick check on site. She will review the same set of questions with each participant and perform a quick temperature check as well.

*Please bring a mask or face cover.

*Please bring your own hand sanitizer. We will have hand washing stations set up but it's a good idea for everyone to have their own. We'll encourage frequent hand washing.

*We have designed the clinic so that we are following social distancing guidelines. We are asking all participants to be mindful of the "6 ft rule".

*Bring your own water jug/bottle. We will not be providing "group" coolers. We will have some store bought water bottles available but we want to be sure you have enough water to last the day.

*There will be a 45 minute lunch break. Please bring your own lunch/drinks.

***Less is better with regards to numbers. If players are not driving themselves, we are asking that parents drop off players and return at the end of the day to pick them up.**

Please reach out with questions!! kproffitt@rmc.edu 804-752-3611

Thanks for your cooperation!!!

Kevin Proffitt

Head Softball Coach
